Deserted By His Wife.

C. L. Howard, a farmer living in the North Middletown precinct, was in Lexington yesterday looking for wife and two children. She left home several days ago, intending to drive through to Owen county. She left the buggy at Martin's stable, in this city, and wrote her husband that she would not return. The injured husband claims she left with a neighbor who disappeared on the same day, leaving a wife and seven children, and being 54 years old while the missing wife is only 27. Howard does not want his wife, but will continue the hunt until he gets his children and is avenged on the man that has broken up his happy home.

DEATHS.

—Katherine, the bright little two and a half year old daughter of Mr. and Mrs. Wm. R. Blakemore, of Chicago, died at their home on Tuesday night with diphtheria. Mr. Blakemore arrived with the remains of the sweet little child yesterday morning, and the funeral procession proceeded from the 11 o'clock train to the Paris cemetery for burial.

Services were held at the grave by Rev. Dr. E. H. Rutherford.

Mrs. Blakemore, nee Miss Mamie Neely, of this city, has the sympathy of many friends in the loss of her bright and interesting little daughter, who but recently was here on a visit with her mother and who had won the hearts of every one she came in contact with. Mrs. Blakemore was unable to accompany the remains, and her sister, Mrs. John A. Lyle, who was visiting her, remained in Chicago with her.

Paris, Ky., Friday, July 7, 1905.

THE recent announcement of W. W. Tabb that he would vote for J. C. S. Blackburn to succeed himself as United States Senator, it develops, proved to be a bombshell in the ranks of the State administration. Mr. Tabb is Representative from Hardin county and is the Democratic nominee to succeed Charles Carroll in the State Senate.

Mr. Tabb was supposed to be a supporter of the administra-
tion wing of the Democratic party, which is throwing all its in-
fluence towards the election of Judge Paynter to succeed Senator
Blackburn, and his announcement that he would vote for Black-
burn was a surprise.

The administration is deeply interested in the election of
Judge Paynter to succeed Blackburn. It wants to punish Black-
burn for his failure to fall in line, and it also wants to create a
vacancy on the Appellate Bench, so that Judge Allie Young, who
has moved his residence from Montgomery to Bath in Paynter's
district, can be named for the Appellate Bench.

In fact, it will be anything from now on to secure the nomi-
nation of Judge S. W. Hager over Hon. John R. Allen, of Lex-
ington, for Governor. If an administration candidate succeeds
Beckham, the latter will be in line to succeed James B. Mc-
Creary for United States Senator two years hence. In addition,
it is stated that the present intention of the State administration
is to name Gen. Percy Haley for the place of Lieutenant Gover-
nor and to take care of H. V. McChesney, Henry Bosworth and
Hubert Vreeland.

When you think about this bunch of wily and shrewd poli-
ticians that are in charge of affairs at Frankfort, laying their
plans to thwart the voice of the Democratic voters of Kentucky
by naming the men for State offices for years to come, it is in-
deed time for every honest Democrat in this old Commonwealth
to rise in their might and crush this "infernal machine" out of
existence.

ALL records for immigration was broken during June, just
as this year promises to see the greatest immigration this country
has ever had. The official estimate for the month is 84,000,
against nearly 52,000 for the same month last year. The official
estimate for the fiscal year ending June 30 is 1,062,000, the pre-
vious high mark having been 857,046, for the year ending June
30, 1903. For the fiscal year 1904 the figures were 812,870.

It can require no more than a brief study of these statistics
to reveal that the immigration problem is one of the most seri-
ous before the nation, meaning, as it does, the absorption be-
yond our power of assimilation of persons entirely unfamiliar
with our system of government. Especially is this true when it
is generally admitted that, as a whole, the character of the
present immigrant is much inferior to that of the past.

No law can be sanctioned which will keep out of this country
a single good and worthy immigrant, no matter what may be his
nationality; but this national desire should not permit the un-
loading upon us of the dregs of an inferior civilization, who may
become not alone a burden but a menace.

A GIRL got a medal from the Carnegie Hero Fund Associ-
ation for saving the life of a coachman who weighed 200 pounds.
That is sentimental nonsense. What self-respecting person
would go about exhibiting a medal of heroism? Why didn't
they give the girl the money? Or the coachman?

EVEN the most suspicious people must admit now that
President Roosevelt meant it when he said he would not again
accept a Republican nomination for President. His declaration
that he would buy canal supplies in the cheapest market gives
ample proof that he never will.

THINK it over before you go to eating green apples, for it is
a two to one bet that you will be operated on for appendicitis
and it will only be the old fashion belly ache. It is rather dan-
gerous to eat anything in this enlightened age that is inclined
to be colicky if you don't want to be carved up.

STOCK AND CROP.

—J. Harvey Hunt, of Winchester, sold seven mare mules to Gentry & Thompson, of Lexington, for \$1,310.

—John S. Talbott, of North Middletown, delivered to David S. Gay, at Winchester, twenty-eight hundred bushels of bluegrass seed, sold at 72½ cents.

—Clay Bros., of this county, run first and second in the Distaff Stake, at Brighton Beach, Wednesday, with Running Water and Single Shot. Also won another race with Angler.

—J. B. Mitchell, of this county, sold his farm near Lair, containing 164 acres to Mr. J. Lester Ammerman, of Harrison. Price private, but said to be about \$70 per acre.

—The monthly crop report of the State Agricultural Department shows that the cultivation of corn and tobacco has been retarded by the rains, that there is a decreased acreage of dark tobacco, an increased acreage of burley, a decreased prospective yield of wheat and a nearly normal prospective yield of oats.

—A unique crop of hay is now being cut in a plot of land 25x100 feet at Fifth avenue and Forty-third street, New York City, owned by R. T. Wilson, a banker. The land is valued at more than \$500,000, and for the past two days a man has been busy with scythe and rake. Figuring that the best hay is worth \$20 a ton, Mr. Wilson's crop will weigh between fifty and seventy-five pounds, and will be worth as many cents.

A Grim Tragedy

Is daily enacted in thousands of homes, as Death claims in each one, another victim of consumption or pneumonia. But when cough and colds are properly treated the tragedy is averted. F. G. Huntly, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Oberdorfer, the druggist. Trial bottle free.

Mutineers Will Be Shot.

The mutinous Russian battleship Kniaz Potemkin arrived at Theodosia Friday. The crew summoned the town council on board the vessel and demanded coal and provisions under pain of bombardment. The city has no coal, but agreed to furnish provisions. The crew issued a declaration of rebellion. Pursuit of the vessel has been abandoned as the Russian Government believes it will soon run its course. Sixty-seven ring-leaders of the mutiny of the Georgi Pobedonosetz at Odessa will probably be shot.

March—A chatterbox, fickle, stormy and given to quarrels.

April—Pretty, dainty, inconsistent and not given to study.

May—Handsome in person and contented and happy in spirit.

June—Gay, impetuous and will marry early.

July—Fair to look upon, but sulky in temper and jealous.

August—Amiable, practical and will marry rich.

September—Discreet, affable and generally beloved.

October—Pretty, coquettish and often-times unhappy without cause.

November—Liberal, kind, amiable and thoughtful for others.

December—Well proportioned, gay, fond of novelty and inclined to be extravagant.

HERE AND THERE.

The Middlesex Hospital in London, has a plant producing three tons of ice in twenty-four hours, at a cost of \$2 a ton, against \$5.46 a ton when purchased.

The Chicago Public Library uses a 20-horse-power gasoline wagon to deliver books from the central department to the many branches in the city and suburbs.

The excessive heat which has been prevailing throughout Europe has caused more than 100 deaths in Germany, where a temperature of 107 in the shade has been reached at midday.

At the Tammany Fourth of July celebration Tuesday a letter from Alton B. Parker was read, in which he declares that the issue should be the divorce of business and politics. That old issues are dead, he says, is a gratuitous assumption.

Messrs. Beardmore, of Glasgow, on May 15 laid the first keel of a new British battleship, to be called the Agamemnon. She is the most powerful ship of the first line yet ordered. She will have a displacement of 16,500 tons and be more heavily armored than anything afloat.

A German scientific paper describes a new registering rain gauge, in which each drop fall on a balanced arm, which dips under it, closes an electric circuit and registers the fall. The number of drops in half a minute indicates the intensity of the shower and curves from it can be drawn from them.

The dispensary system of South Carolina established by Senator Tillman is said to be in great danger of overthrow at the hands of the people who have become aroused by the corruption which it has engendered. Several counties have adopted a local prohibition policy, and there is a probability that many more will follow suit. Tillman has prepared to make a most vigorous campaign to save the institution, which he created.

Lieut. Gen. Ridiger has been appointed Minister of War of Russia. The mutineer's crew of the Russian battleship Kniaz Potemkin have turned pirates. They secured food from a village by threatening to attack it, and it is also reported that they attacked an Italian vessel carrying coal. The search for the ship is being prosecuted with vigor. The crew of the transport Prout mutinied when leaving Budrovo Bay and killed two officers, an attempt to cause another mutiny on the Georgi Pobedonosetz at Odessa was frustrated.

BROWER'S

More Care and Attention

Is being given at the present time to the decorating and furnishing of the interior of the home in a comfortable but artistic manner than at any other period in the history of our country.

This fact is attested by the numerous magazine articles and by magazines themselves devoted exclusively to this purpose that have lately appeared.

Our aim has been to keep our stock of furniture, floor coverings, etc., up to the minute, and at the same time to study how best to show you the existing styles.

With this end in view we have furnished three rooms representing three historical periods, the Italian Renaissance, Empire and American Colonial.

We believe that these rooms will be of interest to you and cordially invite you to inspect them at your convenience.

In Judge Smith's Court.

In Judge H. C. Smith's Court, Wednesday, Jesse Beasley, failed to appear to answer charge of carrying concealed deadly weapons, and his bond for \$100 was declared forfeited. He was then fined \$25 and costs and ten days in jail.

Shelby Leer, colored, was fined \$16.50 for driving a horse belonging to Wm. Hinton, Jr., a greater distance than he hired him to go.

A Joke, Perhaps.

The machinery that was to have arrived here Monday, to rebuild Main street, must have been sidetracked at some remote station. On Tuesday, Officer Ben Bishop said it would be here Thursday, sure, but forgot to state what Thursday. He must have meant the first Thursday in October, just when our merchants are having their busiest season. That will be most excellent time to tear up the street again.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Returns up to midnight Tuesday from all sections of the United States, covering Fourth of July fatalities, accidents and fires, show that 46 are dead and 1,677 more or less seriously injured on account of the celebration.

Figures a year ago up to this hour showed the fatalities to be 68 dead and 1,545 injured. Casualties this year show the following causes: Runaways, 40; powder burns, 154; fireworks, 1,064; toy pistols, 58; firearms (all kinds), 179; cannon, 88; fire losses, \$223,750.

For Flies and Mosquitoes.

It is said that flies and mosquitoes dislike the smell of lavender. Sprinkle some of it on your person or pillow when you want to sleep and it will keep the pests away.

Sunflower Philosophy.

[Atchison (Kan.) Globe.]

An elderly person is a mighty poor judge of a circus.

We don't blame the children: we have done worse than kick and scream to have our way.

We don't know why they are called see-more waists: there isn't any more to see.

What has become of the old-fashioned farmer who wore a leather "stall" on his sore finger?

It is a suspicion in every man's mind that his family never gets half the fruit his wife puts up.

The firecrackers don't cost much for celebrating our glorious freedom, but the doctor's afterward swell the bill.

If a doctor has a good practice his wife does not see any more of him than the wife of a traveling man sees of her husband.

It may be all right for a rich man to swagger and walk chesty on the street, but he had better not attempt it on his polished hard-wood floors at home.

When a man has a picture taken for the first five weeks afterward he spends a great deal of time in taking surreptitious looks at it, and wondering if every one else sees the good points in it so plain to his eyes.

In Kentucky.

His last hour was approaching. He was dying. The friendliness of the undertakers alone was proof of this. The preachers, also, were entirely too solicitous about his past life. It seemed to him that they were collecting such facts as could be made public in a funeral sermon without more than ordinarily violating the proprieties of the occasion. And yet the invalid did not seem to be disturbed. Death, apparently, had no terror for him. His tranquility alarmed the colored attendant, who had constituted himself his spiritual adviser as well, and the following conversation took place:

"Ole Massa, is yo' easy in yo' min'?"

"Never more so."

"An' yer not scart about whar you gwine?"

"Not at all."

"Duz yer know whar you is gwine?"

"No; but that don't annoy me."

"Don't noy you! Why, ole Massa, you 'sprise me!"

"Well, you see, I've been married seven or eight times—I forget which—I keep no record of trifles."

"Yes, Massa."

"And I'll have good company in either place."

"Duncastle" Destroyed.

Fire of incendiary origin destroyed "Duncastle" the old Van Meter homestead on the Bryan station pike, in Fayette county, together with the household effects of J. C. Roark, who occupied the dwelling, and it was by the narrowest margin that the family escaped from the burning building. The property is owned by Mrs. J. S. Van Meter, widow of the late Rev. Van Meter, formerly pastor of the First Presbyterian Church, in this city, and she is now abroad. "Duncastle" was one of the first brick houses built in Fayette county, having been erected in the early part of the last century, and was one of the most historic old landmarks in that section of the State.

Conspiring Against Fayette Farmers.

"Arrest all idlers, white or black," is the order that has been issued to the police by Chief J. J. Regan, at Lexington.

The order is the result of unearthing a conspiracy entered into by the idle negroes of that city to gouge the farmers for abnormal wages or else sit by and see their crops, perchance, go to ruin.

What caused the above order was that several farmers had offered a crowd of negroes \$1.50 per day to go to work for them, and they refused, one of the crowd saying, "remember your pledge and don't work for \$1.50 a day."

The farmers then appealed to the Chief of Police and he immediately run the crowd of ten in, and issued the above order.

The Great Diplomat Laid to Rest.

The funeral of the late John Hay took place in Cleveland, Wednesday. The services were simple in accordance with the wishes of the family. He was recognized as the greatest diplomat of his day, and his death at this time is to be greatly regretted. President Roosevelt will have some trouble in finding another as able at the same time as reliable and companionable. Mr. Hay began his career as Private Secretary to President Lincoln.
